EDUCATION

MPSTME, NMIMS University **2023–2027**
B.Tech in Information Technology — CGPA: 7.10/10

Vinay Adarsh Higher Secondary School, Ujjain **2022–2023**
Higher Secondary Certificate — 75.4%

St. Paul's Convent Sen. Sec. School, Ujjain **2019–2020**
CBSE — 73%

EXPERIENCE

Machine Learning Intern | *CodSoft* **2026**
– Completed a one-month virtual internship in applied machine learning. Built and evaluated models on real-world datasets using Python and scikit-learn across the ML development lifecycle.

Marketing Intern | *Connect Karo* **2026**
– Selected for the 8-week Summer Internship Program. Assisted with digital campaign planning and execution, created content for brand visibility and user engagement, and collaborated on campaign analysis.

PROJECTS

MediSync | *Java, Firebase* **2026**
– Developed a full-stack Java-based Android application with 4+ core features: expiry alerts, reminders, drug interaction checks, and emergency support.

Mental Health & Depression Predictor | *Python* **2026**
– Built a machine learning model using Python and scikit-learn on 27,900+ student records, achieving over 95% prediction accuracy.

Leftover Connect | *Figma, UI/UX* **2025**
– Designed a mobile app prototype to connect food donors with NGOs for surplus food redistribution, focusing on user-centered design, intuitive navigation, and reducing food waste.

Pizza Sales Analytics Dashboard | *Power BI, DAX* **2025**
– Built an interactive dashboard analyzing 10,000+ sales records. Used DAX and data modeling to explore revenue trends, top-selling products, and customer behavior.

ATM Machine Simulation | *Java, DSA* **2024**
– Developed an ATM simulation with deposit, withdrawal, and balance enquiry operations. Used Arrays and ArrayList for transaction handling and data management.

TECHNICAL SKILLS

Languages & web: Java, Python, JavaScript, Node.js, HTML, CSS, REST APIs
Data & machine learning: MySQL, Power BI, DAX, scikit-learn
Tools & platforms: Git, GitHub, Firebase, Figma
Fundamentals: Data Structures & Algorithms

CERTIFICATION & HACKATHONS

Certification: Machine Learning with Python, LearnItUp | 2026

Tata Elxsi Teliport Season-3 (2026) | GraphRAG Inference Hackathon by TigerGraph (2026) | CodeStrike-2026 (2026) | Tenzor X 2026 National AI Hackathon by Poonawala Fincorp (2026) | Yugantar Hackathon — Team Bug Busters (2025)

LEADERSHIP

Class Representative, NMIMS
Social Media Marketing Head, Finance Club, NMIMS
Associate Core (Logistics), Protsahan, NMIMS
Social Media Marketing (Graphic Designer), Ambiora Techfest, NMIMS
